Dear Josh:

It was good to see you again at the conference. I thoroughly enjoyed myself there.

Your suggestion about including photographs of viral plaque markers is a good one. I have obtained the consent of Dr. Dubes to use the enclosed photograph. This photograph will be Figure 2, and the former Figure 2 becomes Figure 3. The legend for the new figure is enclosed, and also a list of changes to be made in the text.

With best personal regards to you and Esther,

Sincerely
